2019 TAPPI-PIMA Student Summit

January 18-21, 2019 • Western Michigan University • Radisson Kalamazoo

Take your recruiting efforts to the next level with participation in the industry's leading career fair event.

The TAPPI-PIMA Student Summit is designed for students interested in the pulp, paper, packaging, and allied industries. The Summit offers students direct interaction and interviews, as well as the opportunity to gain valuable information about career development, all while interacting with their peers across the country.

Why should your company be a supporter?

Save on recruiting and meet the best students.

At no other venue can you find as many paper and packaging students assembled from different programs with diverse levels of skill and education.

Maximize your exposure to the candidate pool.

Student Summit puts your company's employment opportunities front and center to an audience of the best and brightest students. Even if you are currently not hiring full-time positions, there are many students interested in internship and co-op prospects.

Students in participating pulp and paper programs entertain at least five serious job offers upon graduation. TAPPI/PIMA Student Summit can help make sure your company makes the cut.

The TAPPI-PIMA Student Summit provides access to an elite network of paper and packaging students, reaching far beyond even our core university partners.

First Quality's Student Summit "alum" have created innovative products, manufacturing them from beginning-to-end to ensure quality and value.

As we enhance our capabilities and expand into new markets, we look to our continued partnership with the TAPPI-PIMA Student Summit.
